

## OVERVIEW

- Seattle's Urban Base Camp – close to downtown and area attractions yet in a quiet residential neighborhood.
- Craftsman home built in 1916, with box-beam ceilings, warm wood accents, leaded-glass windows, inviting front porch.
- Steeped in Seattle style and with modern amenities. *No doilies allowed.*
- Inn is owned and operated by Shelley Goulding, a native of Hershey, Pennsylvania who moved to Seattle 10 years ago after having lived in Washington, DC and Denver, Colorado.
- Shelley and her husband have traveled extensively (both have been to all seven continents) and have anticipated travelers' needs.
- Friendly, casual innkeeper providing service to suit your style – recommending restaurants, running routes, things to do....or leaving you to go your own way.
